

# AutoTel Pricing List

Valid From 24/10/17

## First a few words...

This is the AutoTel Pricing list. In here you will find all the different costs for your membership and usage in our service.

We would like to say that thanks to the pilot stages - we've learnt that our members divide into two types of users, some ride our cars quite often and others just every now and then. Therefore we came up with a couple of new rate-plans - 1 for the frequent driver and the other is for the casual one.

## Benefits:

- New members who will sign up until the end of 2017 will receive the first month free of subscription fee, and will only pay for the minutes they drive!

- Got "DigiTel"? Starting from our official Launch date - 23.10.17, members who have the city-resident-card, "DigiTel", will receive a 10NIS monthly discount that will be used for riding in every one of our service cars!

Thank you for your patient and attention

AutoTel Team.
