

Appendix C: Price list

*valid starting from 1.11.20

Here is a list of the various costs for using Autotel - the vehicle sharing service of the Tel Aviv-Yafo Municipality. As you can see there are 4 different routes for your choice, two of them for private clients and the other two for business clients.

Subscribers who join the private routes will enjoy the following benefits:

- Service subscribers enjoy a full exemption from subscription fees in the first month and will only pay for the minutes of use!
- If you own a "Digital" card starting from the 1.11.20, users of the "High Gear" route are entitled to a subscription benefit of NIS 40 per month for three months, in addition to the first month without a subscription fee given to all participants.
- Users in the "Low Gear" route who own a Digital card are entitled to a discount of NIS 10 in the monthly subscription fee starting from the second month, which will be refunded to the subscriber's credit against travel.

(The benefits are not accruable. Minute travel benefits will be given against travel only. The company may terminate these benefits as long as it has published a notice to that effect and this section has been removed from Appendix C - Service Price List)

Routes :

Business routes		Private routes		
"High gear"	"Low gear"	"High gear"	"Low gear"	
drivers 9-20	drivers 8 טו	For travelers over 60 minutes a month	For travelers less than 60 minutes a month	Who is it recommended for?

Appendix C: Price list

*valid starting from 1.11.20

The bold letters:

- The price per minute is fixed for all times: day. Night and weekends.
- The charge will start from the moment the vehicle starts or five minutes after the doors open, whichever is earlier.
- Charging will end with these four conditions – engine is shut, pushing the end travel button, locking the doors and the car is in the Tel-Aviv Yafo area. If you left the vehicle and did not meet all the above conditions - the charge will continue, and you will receive an alert to your mobile device in an SMS message.
- The user card is personal, and it is not to be transferred to anyone! Transferring the card will cause insurance loss for the user.
- Cancellation of travel booking: Be sure to book a car only when you need it. Cancellation of the car order for the first time is free of charge up until the third time. From then on, you will be charged NIS 5 for each cancellation. [Cancellation counter resets every calendar year].
- All the process above include tax (unless we said otherwise).

Have a nice travel, we are available for anything at the service center at 9133 *.
